Custom Lighting Design & Installation

Custom lighting installations start around \$2,000 and are subject to availability. Final pricing will vary based on selected fixtures, delivery, and labor requirements.

Speak with your planner to share your ideas and we'll coordinate a custom quote from one of our approved lighting vendors.

Please note: Custom lighting combined with any draping package requires a custom quote.

Pricing, Availability, & Illustrations

All style options are subject to availability based on limited inventory.

Pricing is subject to change based on market conditions outside of our control. You'll receive a current price list during your selections meeting.

The pricing and availability of the items you select are confirmed at the time of your meeting and are locked in once you sign your Event Service Proposal. If you decide to add or change selections after that point, updated pricing will apply based on current rates at the time of the change.
